Dehesa del Carrizal

Grape Variety

Syrah, Merlot, Cabernet Sauvignon and Tempranillo

Production

30.000 bottles/year

Vineyard

Date of Plantation

Between 1987 and 1998

Area

Selected grapes from our vineyard

Aging

Barrel Type

French oak

Barrel Age

New and up to 4-years-old

A versatile wine for almost every palate and pairing with almost every food. An elegant and very balanced blended wine, it boasts the best from each of our grape varieties.

The blended varieties change every year in search of the best grapes of our vineyard: the fleshy Syrah, the fruity and floral Merlot and Tempranillo, the long-lasting Cabernet Sauvignon.

After one year in barrel, it gathers a complex but well assembled nose. It offers ripe berries –blackberries and blueberries– together with notes of wood, toast, spice and, in the background, an earthy aroma.

It is soft on the palate, pleasant and very balanced, with an intense cherry red colour and eye catching dark crimson nuances. It reaches its optimal tasting temperature at 16°C.

16 °C

According to vintage year

8 to 10 months
